# Access control just changed.

## Introducing HAVEN™ Gen4

INTELLIGENT. ADAPTIVE.
**ACTIONABLE.**

**Precision engineering at the door.**

HAVEN™ GENERATION 4

HAVEN™

## Paradigm **Shifting** Innovation

### Traditional Access Control

- Multiple components
- Heavy wire pulls
- Central Panels
- Multi-day installs
- Missed Smart Tech
- Outdated Systems

*vs.*

HAVEN™ GENERATION 4

- Single self contained unit w/ optional 1501
- Eliminates unnecessary & costly equipment
- Power & connectivity delivered over LAN Cable
- Upgradeable over time
- Faster installation times
- Uses less than 1/5th of power of a traditional magnetic lock.

**Haven™Gen4 moves the closet to the door.**

**Haven™Gen4** reduces installation complexity, allowing dealers to complete projects faster, lower labor costs and improve margins per job.

- **POE+ Simplicity : One CAT-6 cable handles both power & data.**
- **Wedge locking mechanism provides 3000lbs. holding force. Fail safe or Fail secure.**
- **Integrated Door Position Sensor**
- **Attack Detection Built In**
- **REX Motion sensor & Battery Backup Built In**

# What End Users, Integrators & Dealers say about Gen 4

"Love the upgradeability - it's not just a lock. This will drive more recurring revenue for us."

"Haven Gen4 is filling a void we don't have an answer for. It will streamline operations and efficiency."

"Impressed with Haven's Safety and Compliance - built with Authorities having jurisdiction and fire marshals in mind. Federal liability protection through DHS is a big plus for insurance cost reduction."

"Haven installs in 30 minutes compared to 3-4 hours. This opens up opportunity for my business."

"Ease of install significantly reduces labor time making jobs more profitable."

**Access control projects shouldn't require days of wiring and low margins.**

Haven™ Gen4 turns any door into intelligent access control with built-in, instant lockdown.

THE HAVEN™ BENEFIT

# Competitive Advantage

**POE+**
Requires 10% of the power of an existing system.

**Most Versatile**
Modularity allows future technology integration.

## PERFECT FOR DEALERS WHO WANT TO EXPAND REVENUE

**No Banana Cables Required.**
Installation labor significantly lower.

**Can be installed on in swing and out swing doors**

**Faster Installs = High Profitability**
1/3 of standard setup expenses.

**Superior Longevity**
10x longer lifespan than competitors

**Unmatched Strength and Compliance**
The strongest most compliant access control solution available
