

LumiCloud Network Switch License

LCL-SW100

Key Features

- One-Year Subscription License
- Centralized Network Control
- Remote Monitoring and Management
- Simplified Configuration Processes
- Real-Time Network Health Monitoring
- Scalable and Flexible Deployment
- Remote Access With Secure Connectivity

Certifications and Compliance

- NDAA Compliant

Overview

The LumiCloud Network Switch License offers one (1) year of support for Luminys cloud-managed network switches. It enables seamless data transmission, real-time monitoring of switch status, PoE management, and network traffic. The license supports centralized management of up to 100 devices, regardless of the number of ports per switch.

Key Technologies

The LumiCloud network switch license simplifies network management with secure remote connection, device registration via QR Code, and OTA (Over-The Air) firmware updates included with hardware purchase. Users can authorize devices for sub-account management or revoke authorization for enhanced security and troubleshooting. Upgrading to a full license enables full remote switch and port management for up to 100 Luminys network switches for one year.

System Requirements and Technical Specifications

Consult the information below to verify the specifications and conditions the subscription license requires to perform properly.

LumiCloud Subscription Plans

There are two versions of LumiCloud available: LumiCloud Lite and LumiCloud Switch.

LumiCloud Lite

- Included with the purchase of select Luminys Network Switch models
- Supports product registration and management with the creation of a LumiCloud account
- Free in perpetuity with select Luminys Network Switch models

LumiCloud Switch

- Upgrade to LumiCloud Switch for additional features
- Supports switch management, VLAN, port functions, port alerts, and more
- Offered as a one-year subscription plan

Below is a table comparing the features between the two versions:

	Feature	LumiCloud Lite	LumiCloud Network Switch
License and Subscription	SKU	Free With Hardware	LCL-SW100
	Subscription Length	Perpetual	One (1) Year
	Compatible Network Switch Platforms	SML-6GPA, SML-10GPA, SML-20GPA, SML-28GPA	
General	Device Registration via QR	✓	✓
	Remote Firmware Upgrade	✓	✓
	Remote Firmware Upgrade	✓	✓
Switch Management	Switch Panel View	-	✓
	Switch Setting and Status	-	✓
	Switch Reboot	-	✓
	Congestion Threshold	-	✓
	Comprehensive Report	-	✓
	VLAN	-	✓
Port Management	Port Status	-	✓
	Port Setting	-	✓
	Port Control	-	✓
	PoE Watchdog	-	✓
	Port Alert	-	✓
User Function	SSO (Single Sign-On)	✓	✓
	Audit Logs for Sign-In	✓	✓
	Device and Site Group Management	✓	✓
	User Control	✓	✓

Device Integrations

Below is the list of devices the license supports.

SKU	Product
SML-6GPA	4-Port PoE Cloud Managed Gigabit Switch (PoE+)
SML-10GPA	8-Port PoE Cloud Managed Gigabit Switch (PoE++)
SML-20GPA	16-Port PoE Cloud Managed Gigabit Switch (PoE++)
SML-28GPA	24-Port PoE Cloud Managed Gigabit Switch (PoE++)

Ordering Information

Below is the ordering information for the susbscription license.

SKU	Subscription License	Description
LCL-SW100	LumiCloud Network Switch (Annual Subscription License)	LumiCloud Network Switch provides a one year subscription license for Luminys Cloud Managed Network Switches. This enables continuous, efficient network data exchange and monitoring of data transmission, PoE management and switch status. It supports the management of up to 100 devices regardless of the number of ports.
