PRODUCT NAME

MINI-345

DESCRIPTION

Mini Wireless Magnetic Contact

PRODUCT OVERVIEW

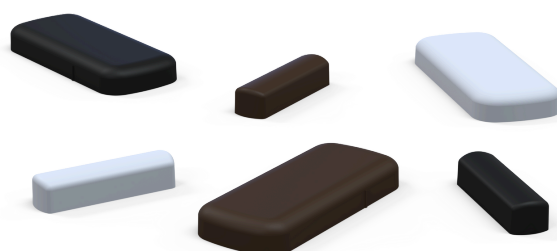

The MINI-345 by Versa Wireless is miniature door/window transmitter compatible with 345Mhz security systems (2GIG, Honeywell and Resideo). Our patented Bluefield technology simplifies installation by confirming for the installer exactly how the transmitter and magnet are aligned, eliminating guess work. The high-power magnet paired with the transmitter provided over 1.0" (25.4mm) of gap. And with our slide off lid, battery installation is a snap, however with an average battery life of 5+ years, battery replacements will be far and few between.

Slide Off Lids

Our easy to open slide off lid ensures that battery replacements and color changes are quick and easy. No need to remove the electronics from the plastics.

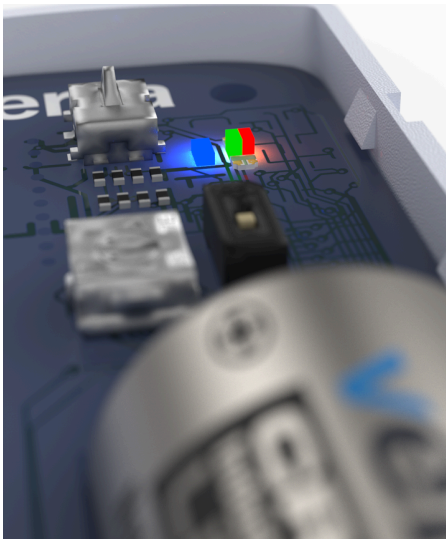

KEY FEATURES

- Patented Bluefield Magnet Alignment
